

More Information

This course is designed to be an interactive workshop that enables participants to discuss issues they are concerned about, or may have encountered, when caring for a client/resident at end of life.

The course facilitators and guest presenters are experienced clinicians and educators who provide education to the wider community, across many settings.

For further information, education requests and/or brochures, please contact us.

Introduction to Palliative Care

A short course for Personal Care Attendants

Palliative care. Living well every day.

epc.asn.au ☎ 1300 130 813

About the Course

This course provides Personal Care Attendants (PCAs) working in aged care facilities, disability or other community care providers, with an introduction to palliative care.

It explores the comprehensive needs of people at the end of life and their families, and gives an overview of some common issues that confront clients and carers on a day-to-day basis.

The course incorporates guidelines for a palliative approach to care.

Topics include the following

- Aims and Philosophy of Palliative Care/ Palliative Approach
- Advance Care Planning
- Common Palliative Care Symptoms
 - » Fatigue
 - » Pain
 - » Nausea and vomiting
 - » Bowel and urinary symptoms
 - » Breathlessness
 - » Nutrition and Hydration
- Grief and Loss
- Communication Skills
- Dying Process and End of Life Care
